GREAT BEAR PUB BEST IN BURNABY!

Great Food, Great Service, Great Digs...Great Pub

Recently the F.I.L.E.S. team and friends went to Great Bear Pub to check out the latest Affliction event. So, what did we think? They knocked us out!

Great Bear Pub is westcoast entertainment pub and BC liquor store located in the heart of Burnaby just off Kingsway. The interior looks newly renovated and brand spanking new; the décor is a fresh mix of style and with the comfortability you expect in a pub. The menu is delicious, extensive, and consists of standard pub fare with a mix of west coast and fusion cuisine. They have something for everyone. Lastly, Great Bear has an extensive list of top quality wine and beer, both foreign and domestic, and features drink specials every night of the week.

Great Bear's entertainment system is second to none. The sound system is clear and pumping, while the walls are covered with large screen digital televisions. This makes Great Bear an ideal place to check out live music and sporting events. Indeed, this is why Great Bear offers live entertainment six nights a week and features all UFC, Affliction, and Canucks PPV events. This is just the beginning. At Great Bear entertainment is second to none.

On Mondays Great Bear has an open mic night hosted by comedian Turban Brown who is recently back from performing in Europe. On Tuesday's Great Bear hosts an ongoing Music Bingo contest with a grand prize of Whistler accommodations. On Wednesday's & Thursday's Great Bear hosts "costume" karaoke nights; come dressed like a rock star and win a prize. Additionally, every one who sings is entered in a prize draw for Whistler accommodation. Finally, on Friday & Saturday nights Great Bear hosts different rock and funk acts from around BC. That's top notch entertainment value seven days a week.

Now all of this on its own would make Great Bear Pub stand out from most other pubs. Yet it is the following that, not only make it unique amongst pubs, but elevates Great Bear to the level of remarkable. Great Bear is proud to BC's only Ocean Wise (Vancouver Aquarium green certification) pub offering sustainable seafood menu items. The Great Bear is a proud member of Wild Salmon Supporters working to ensure salmon farming in BC is safe for wild salmon, marine ecosystems, coastal communities and human health.

Unbelievably, it gets even better. One of Great Bear's top priorities is to be BC's greenest pub with their BC wine list, featured

craft BC beers, biodegradable take out containers and bags, biodegradable dressing and sauce containers, trans fat free cooking oil, waste vegetable oil that fuels three cars, non-bleached napkins, energy conservation measures and BC focused menu. Moreover, they are currently implementing a compost program for their non-meat food waste.

This is f*&cking dope! So what does this mean you ask? It means that anyone can come to Great Bear to celebrate, chill with friends and family, and party it up any night of the week. But here's the best part, you may have a hangover but at least the planet won't!
